His first year's work which closed last Sunday night
was a remarkably successful one, and the people of Barbourville were unanimous in asking for his return for
another year.

During the past year under his leadership the class here has been strengthened and built up more than in any preceding year since the church was organized here in 1860.

any precenting year since the children in 1865.

It is with delight that the cititizen learn that he is to remain another year as he has by his kindness and sociability won the respect and admiration of every one.

We wish for him in the new year upon which he is just starting even greater results than have been enjoyed in the year that has just closed.

We all welcome him and his family for another year in our city and wish for them the very best results that it is possible to attain both in the Church and the social circle, and promise our assistance in making his return a success.

The story of the shooting and what led up to it as we gather it ry is about as follows:

A warrant for the arrest of a man named Will Green, charged with killing a man named Shel-ton, some months ago, had been placed in the hands of Sheriff Williams, Green having been previously indicted by the Grand Jury of Knox county.

Williams had information that Green was at Elys mines, in the southeastern part of the county, took John A. Bowman, as a special deputy, with him Sunday evening and went to the mines where they found and ar-

### SKETCH OF KENTUCKY METHODISM

THE first Methodist preacher to enter the State of Kentucky was Rev, Francis Clark, a local preacher from Virginia, who settled near where the present city of Danville is now located. This was in the year 1783, one hundred and twenty-five years ago. He was a spiritual man and succeeded in organizing several societies among the settlers.

At this time Kentucky was only a county of Virginia and nine years before she was admitted to statehood in 1792. The first official appointments for ministers in Kentucky were made in 1786, when James Haw and Benjamm Ogden, both young men, were assinged to the two Kentucky cir-cuits, Lexington and Danville.

Methodism continued to grow with the advancement of civilization in the new States and as early as 1808 the Western Conference was held at Liberty Hill, Tennessee, and the appointments made at that conference overed Ohio, Indiana, Kentucky, Tennessee and Mississippi.

In 1816 the Western Conference.

In 1816 the Western Conference was divided into three afterences—the Ohio to include Ohio and Kentucky districts; Missouri, and the Tennessee conferences.

In 1820 the Kentucky conference was created to include the Kentucky, Salt River, Green River and Cumberland Dis-tricts, and that part of Virginia included in Greenbrier and Monroe Districts heretofore belonging to the Baltimore Con-

ference.

In May 1844, the separation of the Church was brought about in General Conference, and the Kentucky Conference held at Bowling Green in September of that year, was the last report in regular order recorded in the General Minutes of the Methodist Episcopal Church, until a new Kentucky Conference was organized.

In the Spring of 1865, the first Methodist class was organized in Barbourville, and Rev. Wat Ridgel was the first pastor. During the following year a frame church was erected on the site now occupied by the First Methodist Episcopal Church, which stood until 1906, when it was removed to make room for the new brick church which adorns our town. We have not been able to obtain an accurate list of the

We have not been able to obtain an accurate list of the pastors in their order since the church was established here but we give the following list of pastors who have served the Methodist Church here since it was first established in 1865.

Methodist Church here since it was first established in 1885. After Rev. Ridgel. Rev. John Godbey served as pastor, then Rev. James Gragg, Rev. J. P. Grinstead, Rev. A. S. Rogers, Rev. W. J. Brockway, Rev. S. F. Kelley, Rev. B. P. Whiteman, Rev. J. A. Helpenny, Rev. L. P. Hanks, Rev. S. F. Kelley, a second time, Rev. W. G. Bradford, Rev. E. B. Hill, Rev. W. G. Bradford, again, Rev. G. N. Jolly, Rev. T. B. Stratton and Rev. J. D. Hitchcook, the present pastor.

Rev. Epiriam Cole was the first Presiding Elder when this was first known as the Barbourville District. The next Elder to succeed Rev. Cole was Rev. J. P. Grinstead, he was succeeded by Rev. E. L. Shepard, and he by Rev. S. K. Ramey, he by Rev. W. H. Childers, and he by Rev. S. P. Kelley.

The District was then changed to the Lexington District, and Rev. G. N. Jolly, was named as the Presiding Elder. Two wears later it was changed to the Middlebsboro District and Rev. S. K. Ramey, was re-appointed as the Presiding Elder. He was succeeded by Rev. Joseph S. Miller.

He was succeeded by Rev. Joseph S. Miller.

The District was then changed back to the Lexington District, and Rev. E. B. Hill was appointed as the Presuling Elder. He was succeeded by Rev. J. R. Howes in 1905, who now holds the position.

The first Conference of the Methodist Church to be held with the church at Barbourville was in the year 1883, before the railroad was built through our city, and Bishop R. S. Foster presided over the conference.

In 1890 the session of the Kentuck Conference who

In 1890 the session of the Kentucky Conference was ain held in Barbourville, conducted by Bishop W. F. Mal-

Bishop.

The ministers were so nicely received and entertained that a fondness grew up between themselves and the citizens of our town who extended a standing invitation to "come again," Taking us at our word they have decided to come again, so in this good year of 1908, we again have the pleasure of entertaining the Kentucky Conference as the guest of Barbourville for the fourth time in twenty-five years.

The new brick church which now affords the Barbourville class such a comfortable and commodious place for worship erected in 1906, and cost \$8,003. This building became ancessity, as Methodism had grown with the town until the old church would no longer accommodate the congregation that assembled every sunday for worship, as it will be remembered by all who are familiar with Barbourville, that in 1904 the class here was sufficiently strong to be made a station and Rev. T. B. Stratton came as the new pastor and took charge preaching twice every Sonday. His vigilance and untring energy is largely responsible for the neat, comfortable church that the Methodiss of Barbourville has been re-

The growth of Methodism in Barbourville has been re-markable. The class organized in 1865 struggled along earnestly and prayerfully although few in numbers, as Rev. S. F. Kelley tells us, there were only 18 in the class when he first came to the circuit in 1880, but now there are approx-imately 200 members, made up from among the leading citi-zenship of our city and county.

Ensnip of our city and county.

Union College was established in Barbourville through the influence of Methodism, and while it has suffered heavy loss by fire it is easily the leading institution of learning today in Southeastern Kentucky, and owns property in this city worth at least \$100,000, and is enjoying greater success now than at any period of its history. It is a model school for both, young ladies and young gentlemen, and the pride of every citizen of Barbourville, but, which would never have existed had it not been for the seeds of Methodism sown here in the early days of our little town.

Methodism is growing, not only in Barbourvalle and the seeds of Methodism is growing.

Methodism is growing, not only in Barbourville and in-entucky, but throughout our land until today it leads all ther protestant shurches in numbers and has missionaries all pacts of the earth sowing the good seeds which will entually take the world for the Master.

The business men of the coun try are more active in politics now than ever before. The Democratic appeal to farmers for campain funds can best be symbolized by a frosted bumpkin unaccompanied by a shock of fodder. For instance, with the Indianapolis market quoting hogs at \$7.10 to \$7.45, cattle \$6 to \$7 and shoep at \$4 to will be satisfaction; that myself wheat at \$1.1, cats at 51 cents per bushel, and hay at \$9 to \$11 per ton, what level-headed farmer ton, w

In Maine the Republicans elec progress leaves an aching void, cialism.

Mr. Bryan says he is worth \$150,000. A few months ago he said his income amounted \$75,000 a year. A 66. 000 a year. A fifty per cent dividend speaks volumes for Republican good times.

Gov. Hughes says Bryan will cease to be great in politics the moment he ceases to be repudiated. Mr. Bryan may, therefore, count on continued greatness, such as it is.

A few weeks ago the Demo-crats were pretending to be worried over alledged Republican apathy, now they are obviously disturbed by evidences of Republican activity.

Every time a Democratic polician gets discouraged and irrita-ted he seems to want to vent his spleen on "Uncle Joe" Cannon.

### LABOR TURNS TO TAFT.

Toilers Scent Danger In the Fallacies of Mr. Bryan.

Toilers Seent Danger In the Fallacies of Nin. Bryan.
Convincing evidence was furnished by the conference at Clientant best week by Judge Taft with Oscar Straus, secretary of commerce and Inbor. and T. V. Powderly, formerly general master workman of the Knights of Labor, that the attitude of labor is growing each day more friendly to Taft. The campaign of education which the Republicans have been care belowing users, so Met Powderly and the candidate, is beginning to appreciate the fact that a restoration of business confidence through the election of Mr. Taft means more work and prosperous times for bins.

Secretary Straus announces his intention to go out on the sump for the specific purpose of exposing some of the Bryan fallacies in general to labor, the Bryan's slogan, 'Shall the people rule' and well may be ask it, for every one of his leading doctrines is a denial of that rule."

of his leading doctrines is a denial of when so that rule."

Mr. Straus classes Mr. Bryan's gorermment guarantee of bank deposits as next in point of danger to his plan for proposition is as great meaner as the old 16 "Me hobby." To current the proposition is as great meaner as the old 16 "Me hobby." To current the proposition is as great meaner as the banks of the banks of the banks for, as a matter of fact, a large part of the bank's deposits is made up of credits extended by the bank to borrowers and by them deposited or placed on the books of the banks as deposits."

Mr. Powderly said among other

in a nonpartisan way through their unions.
"Of course there are many men out of employment as the result of the recent depression, but to my knowledge men are returning to their old occupations all over the country and at their old rates of pay. I recall the awful panic of 1873 and that of 1882 and in neither case did men go back to work and the return case did men go back to work and the return of their prosperity, so rapidly manifesting itself."

The issue is just this: Taft and pros-perity or Bryan and paralysis.
